Cell Phones and Electronic Devices

The Library recognizes that cell phones and other electronic devices are part of everyday life. Patrons are welcome to use their personal devices throughout the Library, provided their use does not interfere with others' ability to enjoy and use the Library.

To maintain a comfortable environment for everyone:

- Please keep cell phones and other electronic devices set to silent or vibrate mode.
- Use headphones when listening to music, watching videos, or participating in other activities involving audio.
- Speakerphone conversations and loud audio are not permitted.
- Keep phone conversations and other device use at a reasonable volume.
- Please be considerate of other patrons and avoid disruptive use of electronic devices.

Library staff may ask patrons to lower their volume or discontinue device use if it becomes disruptive to others.
